Points for consideration before
The Hon'ble Minister for Prohibition.

---

Our immediate needs:

---

Renewal of F.L. 17 Licence which expired on 30-9-'47

Our application for renewal is still pending, consequently, stocks of Manola Tonic & Fr. Muller's Biochemic Tonic (wines) are under seal and custody.

We need these preparations of wine for our patients in the Hospitals and sale to our customers in town and outside the town throughout India.

The H.P. Dispensary is the earning unit of Father Muller's Charitable Institutions, the income of which maintains the Hospitals and the Govt-aided Leper Hospital - in all about 300 in-patients and 150 out-patients on a daily --- average.

The above two Tonics form one of the essential source of income for the Hospitals. At the very start of the Prohibition about the year ~~1944~~ 1937, the two ---- Tonics were exempted and we were authorized to give publicity in our publications without restriction.

I request that the Licences might be expedited and we be permitted to sell even in places where Prohibition has been enforced.

We have been importing large stocks of ------- Homoeopathic medicines from U. S. of America for about the last 60 years i.e. from the very inception of the H. P. Dispensary. These medicines have been used not only in our Hospitals but all over India. Up to 30-6-'47 we have been favoured with Import Licences for importing these drugs from America and our representation to H.E.

The Governor of Madras (Sir Arthur Hope) our quota was raised to our satisfaction.

For the current period (July - December 1947) we sent up our usual indent with Application to the Import Trade Controller, Madras, for an Import Licence to obtain our usual supply of medicines from America worth Rs.32,800/-. To our great dismay, a small quota of Rs.2114/- with a list (of chemicals - allopathic drugs) to select some essential drugs had been sent to us. As ou line of business is entirely of Homoeopathic medicines we have represented the matter recently to the Collector of S. Kanara, for recommending a Licence to import Homoeopathic medicines as per our Indent dated July 18th 1947 valued Rs.32,800,

Rev. Muller

No. D/4632. 28th Oct. 1947

To

The Hon'ble Mr. Daniel Thomas,
Minister for Prohibition,
Government of Madras.

Sir,

I beg to represent that our Institution was started in 1880 by Father Muller with the primary object of affording relief by giving Homoeopathic medicines which we have been importing from America directly for the last 60 years. Our Institution now comprises the Homoeop. Poor Dispensary, General Hospitals for men and women, a Maternity Hospital, Out-patient & X-Ray Departments and a Leprosy Hospital, the only one in this District.

Connected with the Homoeop. Poor Dispensary we have also the Pharmaceutical Laboratory for the manufacture and issue of Homoeopathic medicines (potencies), the chief ingredients being the drugs imported from America. These medicines are required for the large number of patients in our Hospitals and for patients all over India, especially now when the use of Homoeopathic medicines is increasing very much.

At present we have 168 patients in the Leprosy Hospital, about 150 patients in the General Hospitals and there is an average attendance of about 200 to 300 outpatients daily. Except for a Government grant to our Leprosy Hospital, the entire maintenance of these Hospitals depends on the sale of Homoeopathic medicines ~~we being the Representatives of Messrs. Luyties Pharmacal Company~~, a large firm dealing in Homoeopathic medicines in America.

So far we have been favoured with adequate quota to import these drugs freely and our request to His Excellency in this matter previously has been fully granted. Our usual quota in previous years has been to the extent of Rs.60,000/- for medicines and other materials. For this current period of half year, we have been

given a quota of Rs.2114/- only which is barely sufficient for our needs. Instead of the Homoeopathic list of drugs which we submitted and which we considered essential, we have been given a list of allopathic drugs which we do not require at all. If we are not given the usual quota our business will be entirely paralysed and one of the chief sources of income fo this Institution will be lost and we will have to curtail our work for the Hospitals specially the Leprosy Hospital, the only one in this District.

We therefore beg to request you to grant us (1) an adequate quota of Rs.60,000/- per year in two instalments of Rs.30,000/- per half year for imports from U. S. of America (medicines, books, corks & phials) and (2) to allow us to impor all Homoeopathic drugs, Tissue Remedies and Specialities as --- hitherto and to allow us to import them freely.

2. We also wish to request you to grant as early as possible a Licence in place of F. L. 17 Licence which we were holding up to 30th Sept. '47. Our application for this is pend ing with Government. We are manufacturing a Tonic called "Fath Muller's Biochemic Tonic" out of raw wine and medicines importe from foreign countries which is largely used by patients a n d we also stock "Manola" another tonic wine imported from America and these have been at present under seal and custody. T h e sale of these products is a source of income to maintain our Hospitals and therefore we request for an early compliance. We may also be granted Licence to import raw wine from Spain and other foreign countries, for the preparation of this Tonic ---- (Biochemic).

We request that our appeal on behalf of t h e Institutions which maintains these Hospitals may be sympatheti- cally considered for which act of kindness we shall ever remain grateful and beg to assure You of our service always.

Your most obedient servant,

Rev. Muller

Ootacamund,
3rd November 1947.

Dear Mr. Venkateswaran Ayyar,

During His Excellency's visit to South Kanara last month a representation was made to him by the Director of the Father Muller's Charitable Institutions, Kankanady, Mangalore with regard to the grant of a Liquor licence to the institution in place of F.L.17 which they were holding up to 30th September 1947. Their application for this licence is said to be pending with the Government Their Excellencies had occasion to visit this institution in the course of his visit to the District and were convinced of the real philanthropic work which they have been doing. I enclose an extract from the representation for your information. His Excellency will be very grateful if the request contained in the representation can be considered and the result communicated to me. As regards the licence for the grant of raw wine from Spain and other foreign countries I do not think it is within the purview of the local Government to grant this request. If that is so, His Excellency will be grateful if the request is recommended to the Government of

India for their favourable consideration.

Yours sincerely,

(P.Govindan Nair)

G. Venkateswara Ayyar Esq., OBE, ICS,
Secretary to Government,
Revenue Department.

Munzoor Husain 21.11.47

K.R. 21-11. ASSISTANT SECRETARY

To

The Secretary to Government, Revenue Department, (with a draft licence form)

Special licence for the manufacture and sale of Biochemic Tonic Wine. (hereinafter referred to as the Act)

I, the Collector of ..... district, under the provisions of the Madras Prohibition Act, 1937, (X of 1937), hereby license you ..... to manufacture Biochemic Tonic Wine in your licensed Pharmaceutical Laboratory at .... ..... during the period ..... and to sell from your institution at ..... the Biochemic tonic Wine so manufactured, subject to the following conditions and stipulations to be observed by you.

(1) The privilege extends only to the manufacture of 'Biochemic Tonic Wine' and its sale in sealed bottles to persons or firms in places outside any local area to which the Act applies or to persons holding licences in Form II or Form II-A in any local area to which the Act applies.

(2) The process of manufacture shall consist of the addition of medicaments to beverage wine imported from foreign countries, on which duty at the tariff rate has been paid.

(3) The officer in charge of the Pharmaceutical Laboratory shall be given prompt intimation of arrival of every consignment of wine imported for medication. No wine shall be imported under this licence for any purpose other than for medication as 'Biochemic Tonic Wine'. Every consignment of wine imported shall be accompanied by a permit in Form I granted by the Collector.

(4) Soon after clearance of every consignment of wine from the Custom House and its transport to the Pharmaceutical Laboratory under a proper permit granted by the Collector, a requisition shall be presented to the officer-in-charge for the verification of the consignment No seals on any of the packages or coverings shall be removed except in the presence of the officer-in-charge. The latter will verify the seals, marks, description etc. of the cases and the bulk quantity of wine comprising each consignment. He will then see that the entries, quantity, as verified, is entered in the Accounts (Form A in the Annexure) under his initials.

(5) All receptacles containing un-medicated wine shall be kept in boxes in a separate room locked by the officer with a khard lock. Suitable boxes must be provided for the purpose by the licensee. Issues of wine shall be made only for the purpose of medication.

(6) The addition of medicaments to wine shall be done only in the presence of the officer-in-charge of the Pharmaceutical Laboratory or such other officer as the Board of Revenue may appoint. The medicated wine so manufactured shall not be sold unless samples of them have been examined in the Board's Laboratory and passed.

(7) All wines medicated shall be bottled and labelled in the presence of the officer-in-charge and the bottles shall be securely sealed by the officer-in-charge with his private seal, before they are released for issue.

(8) True accounts of transactions shall be maintained from day to day in ink in Form A in the Annexure and shall be produced when called for by the Collector or by any officer authorized by him.

(9) The privilege of manufacture or sale shall not be sold, transferred or sub-rented nor shall any agent be appointed for the management without the approval of the Collector.

P.T.O.

Revenue Department Notification No. 782, dated the 15th October 1937, published at pages 1779-82 of Part I of the Fort St. George Gazette, dated the 19th October, 1937, as subsequently amended.

(10) Pecuniary dealings of any kind whatever by the licensee with any officer of Government are absolutely prohibitted.

(11) The licensee shall, in addition to a fixed annual fee of Rs.50/-. pay gallonage fees at the following rates on all Biochemical Tonic Wine sold by him in each quarter:-

| | Per Imperial gallon of 6 quart bottles. Rs. | as. | ps |
|---|---|---|---|
| a) Biochemic Tonic wine whose alcoholic content is equivalent to 42% or more of proof spirit. | 3 | 6 | 0 |
| b) Biochemic Tonic wind whose alcoholic content is equivalent to less than 42% of proof spirit, but not less than 20% of proof spirit. | 1 | 11 | 0 |
| c) Biochemic Tonic wine whose alcoholic content is equivalent to less than 20% of proof spirit. | No gallonage fc | | |

For this purpose, the licensee shall submit to the Collector of the district through the officer-in-charge, on or before the 5th day of the month following each quarter, a statement showing the stock on hand, the quantity received, the quantity sold and the balance on hand for the preceding quarter separately under the three categories, (a), (b) and (c) mentioned above. Issues to licensees, and to non-licensees shall be separately shown in the statement. No gallonage fee will be levied under this licence on sales to persons or firms holding licences in Form A in prohibition areas or foreign liquor licensees in non-prohibition areas authorized to purchase and sell such medicated wine.

(12) If required by the Collector before the issue of or at any time during the currency of the licence, the licensee shall deposit with the Collector in cash or in Government Promissory notes, such sum as the Collector may prescribe, not exceeding the gallonage fees as estimated by the Collector for a period of three months, as security for the due observance of the conditions of the licence and the prompt payment of the gallonage fees.

(13) With the sanction of the Board of Revenue, the Collector may, at his discretion, revoke the licence at any time after giving the licensee 15 days notice of such revocation, in which case, a proportionate part of the fees will be refunded to the licensee.

14. The licensee shall be bound by any additional general rules that may be prescribed under the ~~Prohibition~~ Act and shall, if so required by the Collector or any officer authorized by him, deliver up his licence for amendment or for issue of a fresh one.

| (1) Date | Opening balance | | Receipts | | | Total qty. now in hand and received | Quantity sold to licensees (each transaction) | | | Quantity used in non-licensed transaction | Total Sale | | Closing balance |

Board of Revenue (Excise),
M a d r a s.

V.N.Kudva,Esq.,C.I.E.,I.C.S.,
Commissioner of Land Revenue, Excise and Prohibition.

---

Reference:-

With reference to para 1 of the Government Memo cited, the Board submits that Manola Tonic, which is a medicated wine, is only sold and not manufactured by Father Muller's Charitable Institutions. All medicated wines can be sold in prohibition areas under licences in Form II granted by the Collector of the prohibition district concerned. The Director,Father Muller's Charitable Institutions, Kankanady, may therefore obtain from the Collector of South Kanara District a licence in Form II for the sale of Manola Tonic. The draft form of licence submitted by the Board is intended to cover both manufacture and sale only of Biochemic Tonic Wine. As Manola Tonic is not manufactured by the charitable Institutions and as its sale will be covered by the licence in Form II no amendment is necessary to the draft form of licence relating only to the manufacture and sale of Biochemic Tonic.

# Father Muller's Charitable Institutions

KANKANADY. MANGALORE.

TELEGRAMS: "SPECIFIC" Mangalore

RY. STATION: MANGALORE.

No. D/4552.

21st October 19 47

From

Rev. Reginald Pinto,
Director
Father Muller's Charitable Institutions,
Kankanady, Mangalore

To

The Collector of
South Kanara, Mangalore.

Sir:

Import of Homoeopathic Medicines from U. S. A. into Br. India.

In connection with our usual import of Homoeopathic Medicines from the United States of America, we submitted on 18th July 1947 to the Asstt. Foreign Trade Controller (Imports), Custom House, Madras, our Indent valued Rs.32,800/- with Applicatic requesting the favour of an Import Licence for the current period July - December 1947.

We submitted also as subsequently called for, state - ments of Imports in the year ending 31-3-'46, with the Bills of Entry and Invoices.covering the Imports.

In response, we are informed that our quota for t h e period July - December '47 is Rs.2114/- only for essential drugs as per a list sent. We are further informed that the Govt. of Indi have decided that licences for medicines should be limited only to essential drugs as per list issued by Government.

I therefore, beg to submit:

1) The list contains and is drawn up, for chemicals, which is ----- entirely out of our line. The business of our H. P. Dispensary is only of Homoeopathic medicines and is peculiar to this Institution only, which fact may kindly be realized by Government.

2) The quota sanctioned is a meagre one and which is not worth ---- placing an order for, for obtaining goods from a foreign country by sea.

I therefore, request the favour of your kindly bringing the facts to notice of Authorities (Asstt. Foreign Trade Controller, Imports, Custom House, Madras) and if needed also, to the Secretary to Government, Commerce Department, New Delhi, or to the Chief Controller of Imports, New Delhi, and to obtain for us an Import Licence to our Indent of Homoeopathic medicines dated 18th July 1947 valued Rs.32,800/-.

In the past (about the year 1942) when a similar difficulty arose, a representation was made to His Excellency the then Governor of Madras, in the course of His Visit to this District and the question was favourably considered and the quota raised. All along the period of war and even thereafter Licences were --- regularly granted to us to import Homoeopathic medicines from --- America and the Institution was well run.

I may be allowed to mention that the upkeep and maintenance of our Leper Hospital (aided by Government) and 3 other Hospitals oncorporating the Father Muller's Charitable Institutions, depend solely on the business of our Homoeop. Poor Dispensary and that any impediment on the running of its business will be a blow to the Institutions whose aim and object will be frustrated, a fact which goes without saying.

I have the honour to be,
S i r,
Your most obedient servant,

DIRECTOR
Father Muller's Charitable Institutions (H. P. Dispensary),
Kankanady, Mangalore.

Sub: Import Trade Control - Importation of essential drugs during July-December 1947 - Your letter No. D/4278 dated 27th September 1947.

---

The Government of India have decided that licences for medicines should be limited only to essential drugs, a list of which has been forwarded to you with this office letter dated 23-9-47. No licence for medicines other than those mentioned in that list can therefore be issued by this office.

Your quota of Rs.2114/- was fixed on the basis of your imports in 1945-46. Under no circumstances it can be enhanced unless you prove that you have imported medicines in the basic year for a greater value.

are one and the same.

# Father Muller's Charitable Institutions

KANKANADY, MANGALORE.

TELEGRAMS:
"SPECIFIC" Mangalore

RY. STATION:
MANGALORE.

№ D/4632.

28th Oct. 1947

To

His Excellency
The Hon'ble Sir Archibald Nye,
Governor of M a d r a s.

Your Excellency:

I beg to represent that our Institution started in 1880 by Father Muller is dealing in Homoeopathic medicines which we have been importing from America directly for the last 60 years. Our Institution comprises the Homoeop. Poor Dispensary, General Hospitals for men and women, a --- Maternity Hospital, an Out-patient & X-Ray Department a n d a Leprosy Hospital, the only one in the District.

Connected with the Homoeop. Poor Dispensary we have also the Pharmaceutical Laboratory for the manufacture and issue of Homoeopathic preparations, the chief ingredients being the drugs imported from America. These medicines are --- required for the large number of patients in our Hospitals and for patients all over India, especially now when the use o f Homoeopathic medicines is increasing very much.

At present we have 168 patients in t h e Leprosy Hospital, about 150 patients in the General Hospitals and there is an average attendance of about 200 to 300 outpatients daily. Except for a Government grant to our Leprosy Hospital, the entire maintenance of these Hospitals depends on the sale of ---- Homoeopathic medicines, we being the Representatives of Messrs. Luyties Pharmacal Company, a large firm dealing in Homoeopathic medicines in America.

So far we have been favoured with adequate quotas to import these drugs freely and our request to H i s

Excellency in this matter previously had been fully granted. Our usual quota in previous years had been to the extent o f about Rs.60,000/- for medicines and other materials. For this current period of half year, we have been given a quota of --- Rs.2114/- only which is barely sufficient for our needs. Instead of the Homoeopathic list of drugs which we submitted and which we considered essential, we have been given a list of allopathic --- drugs which we do not require at all. If we are not given t h e usual quota our business will be entirely paralysed and one of th chief sources of income for this Institution will be lost and we will have to curtail our work for the Hospitals specially t h e Leprosy Hospital, the only one in this District.

We therefore beg to request you to grant us (1) an adequate quota of Rs.60,000/- per year in two instalments of Rs.30,000/- per half year for imports from U. S. of America (medicines, books, corks & phials) and (2) to allow us to import all Homoeopathic drugs, Tissue Remedies and Specialities as hithe to and to allow us to import them freely.

2. We also wish to request Your Excellency to grant as early as possible a Licence in place of Licence F.L.17 which w were holding up to 30th Sept. '47. Our application for this is pending with Government. We are manufacturing a Tonic called "Father Muller's Biochemic Tonic" out of raw wine imported from foreign countries which is largely used by patients and we also stock Manola another tonic wine imported from America and these have been at present under seal and custody. Our patients are deprived of its use. The sale of these products is a source of income to maintain our Hospitals and therefore we request for an early compliance. We may also be granted Licence to import raw wine from Spain and other foreign countries, for the preparation of this Tonic (Biochemic).

We request that our appeal on behalf of the Insti tutions which maintains these Hospitals may be sympathetically co sidered for which act of kindness we shall ever remain gratef and beg to assure Your Excellency of our servies always.

Your Excellency's most obedient servant

Subject:- Drugs-Imported from U.S.A. into British India-Father Muller's Charitable Institutions, Kankanady, Mangalore-petition of the Director of the Institution.

Read:- Petition dated 21-10-47 of Father Muller's Charitable Institution, Kankanady, Bangalore

I send herewith in original the petition of Director, Father Muller's Charitable Institution, Kankanady, Mangalore for an import pass of Homeopathic medicines from United States of America into British India. This Institution is doing charitable work since a long time past and its request may be considered favourably. The Director of the Institution has had an interview on this subject with His Excellency the Governor during the latter's recent tour in this district.

(TRUE COPY).

Memo 5558 D/47-10 dated 25-2-1948.

Prohibition - (South Kanara) - Father Muller's Charitable Institutions, Kankanady Import of drugs and medicated wines etc

From the Director, Father Muller's Charitable Institutions, letters dated 24-10-47, 28-10-47 & 15-12-

In this second letter quoted above, the Director of Father Muller's Charitable Institutions has request the grant of licence to import raw wine from Spain and other foreign Countries for the preparation of Biochemic Tonic. The Director is requested to state urgent the particulars of the exact quantity of wine that would be required to be imported from Spain, America and other foreign Countries for the current half year.

KAAN 23.2.48

He is also requested to give a list of the other articles which have to be imported during the current half ye

Ref: Your Memorandum No.5558 D/47-10 dated 25-2-1948
Re. Importation of raw wine from Spain.

After the 30th of Sept. 1947 we have not made any medication. The Licence for this has just been received. The unmedicated wine in stock at present will suffice for this half year at least. Hence we do not intend to place any order for raw wine for the current half year.

Read:-G.O.Ms.No.75,Rev.,dated 15-1-48

From the Assistant Commissioner for Distilleries,R.O.C.B-1581/4 dated: 24-8-49.

C.R.No. 30334-Pro/49-XC5

Station,Triplicane,Madras,5, Dated 13-10-1949.

From

Sri P. Rajagopalachari,
Assistant Secretary,Board of Revenue(Excise)

W.R.S. Sathianathan Esq.,I.C.S.,
Member,Board of Revenue and Commissioner of Commercial Taxes.

Reference:-

The Board invites the attention of the Government to G.O.Ms. No.75,Rev.,dated 15-1-48 wherein they were pleased to prescribe a special licence for the manufacture and sale of Bio Chemic Tonic by Messrs.Father Muller's Charitable Institutions, Kankanady, Mangalore. According to condition 1 of the special licence, the privilege extends to the manufacture of Bio Chemic Tonic wine and its sale in sealed bottles to persons or firms in places outside any local area to which the Act applies or to persons or firms holding licences in Forms II and II-A under the Prohibition Act in places where it applies. This licence was prescribed at a time when the province was not completely dry and no provision was therefore made for the export of the Tonic wine to places outside this Province. It is not clear from the conditions of the licence whether the institution can be permitted to expor the wine in question to places outside this province and if so the quantity that may be permitted to be exported without an export permit issued by the Collector.

The Board submits that there is no objection for permitting the export of Bio Chemic Tonic wine by the institution to places outsi this Province under an export permit granted by the Collector which would be granted on production of the import permit by the Company authorising such imports at the place of destination. The Company however cannot be permitted to export even small quantities without th export permit granted by the Collector which would lead to possible abuses.

The Board also submits that the rates of gallonage fees men tioned in the special licence are old i.e. "Rs.3-6-0" and "Rs.1-11-0" an have not been amended so as to levy gallonage fees at the existing rates ("Rs.4-8-0" and "Rs.2-4-0")

Necessary draft amendments to the special amendments to the special licence for the manufacture and sale of Bio Chemic Tonic wine by Messrs.Father Muller's Charitable Institutions, Kankanady is enclosed. The Board requests that the Government may be pleased to approve the amendments at an early date.

Rajagopalachari Board
ASSISTANT SECRETARY.

To the Secretary to Government,Revenue Department (with enclosures

R.P.N.15/10.

P.T.O.

Draft ~~Mxxx~~ Amendment

In condition 1 of the special conditions of the special licence for the manufacture and sale of Bio Chemic Tonic wine the following shall be added at the end -

"and its export to places outside this Province under an export permit granted by the Collector"

The following note shall be added at the end of condition of the licence:-

Note

Such export permits shall be granted by the Collector only on the production of necessary import permits granted by the competent excise authority, authorising such an import at the place of destination." 1A

2.Under condition 11 the rates of gallonage fees ~~xxxxxx~~ shall be revised as follows:-

Assistant Secretary to Government

Memo. No. 62257 D/49-1. Dt 25 XI. 49

Prohibition – Medicated wines – Bio-Chemie Tonic wine – manufactured by Father Mullers Charitable Institutions – Kankanady – Export to places outside this Province – provision.

Refs: Bd's CR Nos 30334 Ro/49 x CS dt 13.10.49

The attention of the Bd. of Rev. is invited to draft rules for the import and export of Indian made rectified spirits and spirituous preparations submitted with its Refer. CR No. 15984 Ro/48 xCS dt 30/8/49. Under the procedure ~~sanctioned~~ for export mentioned therein there is no provision for the production of necessary import permits granted by the competent authority at the place of destination. It is presumed the Bio Chemie Tonic wine will come under ~~the definition~~ 'spirituous preparations' as defined in those rules. ~~and~~ so the Board is

requested to submit revised draft amendment
to the special conditions of the form of licence
for the manufacture of Biochemie Penicillin

Prohibition - Medicated wine - Bio-Chemic Tonic wine - Manufactured by Father Muller's Charitable Institutions, Kankanady - Export to places outside this Province - Provision - Reference.

Sri P. Rajagopalachari,
Assistant Secretary, Board of Revenue (Excise)

--

Sri V.N.Kudva, I.C.S.,
Member, Board of Revenue and Commissioner of Commercial Taxes

--

READ: From the Government Revenue Department, Memorandum No. 62257 D/49-1, dated 25.11.1949.

---

REFERENCE:-

With reference to the Government Memorandum cited, the Board submits that BioChemic Tonic wine is a medicated wine manufactured by the addition of medicaments to beverage wine imported from foreign countries. Besides Medicated wines are controlled under licences in Form II-A and Form II. Spirituous preparations are those in which spirit is added as such or formed during the Process of manufacture and is not made by the addition of wine. Reciprocal arrangements cannot therefore be applied to medicated wines. Biochemic Tonic wine as per condition 2 of the licence prescribed in G.O.Ms.No. 75, Revenue, dated 15.1.1948 is manufactured by the addition of medicaments to duty paid imported wines. The duty on the imported wines is usually collected by the Customs. Since no separate duty is being levied on the preparation the question of adjustment of duty on exports does not arise. The Board therefore requests that the Government may be pleased to approve the draft amendments submitted with its C.R.30334 Pro/49-X.C.5, dated 13.10.1949 at an early date.

ASSISTANT SECRETARY.

The Secretary to Government,
Revenue Department,
Fort St. George,
Madras.

AC.10.12.

Memo: No. 62257 D/49 - 3 D/ 20.3.50

Prohibition - Medicated wines - Bio Chemic Tonic wine - Manufactured by Father Mullers Charitable Institutions, Kankanady - Export to places outside this State.

Ref: From the Bd. of Rev (Exc) CR. No. 30334 Ro/49 x C5 D ~~2-12-49~~ 13.10.49 and ~~DO~~ ~~DO~~ D 9.12.49

The Bd. of Rev. (Exc) is informed that the reference to 'Excise authority' in the 'Note' to condition 9 of the licence in the draft amendments suggested by the Bd. in its Ref cited above presupposes that an import permit will be granted only by such an authority. But this may not be the case in all places outside this State. It is therefore sufficient if reference is made to 'competent authority'. The draft amendments suggested by the Bd. are not sufficient for the reason that conditions 6, 9 and 11 will need consequential

amendments so as to include exports also. For
A 9 the licensee may also require alteration in
reference to the export of the wine named.
is requested to examine further (in regard to the need for amendments) with reference to the above remarks and to submit revised draft amendments to the licence form

BOARD OF REVENUE (EXCISE) DEPARTMENT

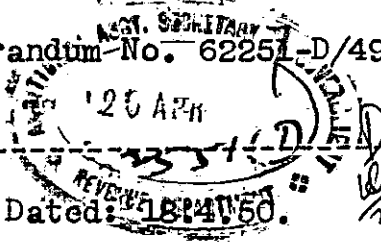
7-8 ans



C.R.No. 30334-Pro/49 XC.5.
Station: Triplicane Madras. Dated: 18.4.50.

From

Sri P. Rajagopalachari,
Asst. Secretary, Board of Revenue (Excise).

Sri V.N. Kudva, I.C.S., Member, Board of Revenue and Commissioner of Commercial Taxes.

Reference:

With reference to the Government Memorandum cited the Board submits a revised draft amendment to Government for their approval and publication.

2. Condition 6 of the licence stipulates that the medicated wine shall be manufactured only in the presence of the Pharmaceutical Laboratory Officer and that the wine manufactured should not be sold unless samples of them have been examined and passed. The words 'sold occurring in the condition includes sales as well as exports. In view of their observation the condition has been suitably amended.

3. Condition 9 of the licence stipulates that the privilege o manufacture and sale shall not be sold, transferred or sub-rented nor shall any agent be appointed for the management without the approval of the Collector. The Board submits that no provision for export is necessary under this condition.

p.t.o.

4. Condition 11 of the licence stipulates the licence fees and the levy of gallonage fees. Gallonage fees is leviable only on the volume of sales to the public in this State. No gallonage fee is therefore leviable on exports. This condition has therefore been amended to exclude the scope of levy of gallonage fees on such exports.

With reference to their observation that the form of accoun. in Form 'A' appended to the licence, needs alteration with reference to exports, the Board submits that the exports made by the Company may be included under the heading, ' quantity sold to non-licensees (each transaction) ' and may be omitted for the purpose of levy of gallonage fees. The Board therefore submits that there is no necessity to amend the Form of account appended to the licence.

Assistant Secretary.

Prohibition - South Kanara District - Kankanady - Mangalore - Father Muller's Charitable institutions F.L.17 licence :- Issue of.

From the Director, Father Muller's Charitable Institutions Kankanady, Mangalore , dated 26-10-1947 and 28-10-1947.

To A.S:

Please see the letters at pp. 1-2 and 14-15 c.f., the minutes of H.M. (Prohibition) at pp.1 and p.14 c.f. and the D.O. from P.S.G. at pp.16-17 c.f.

2. Father Muller's Charitable Institutions comprise a Homeopathic Poor dispensary, General Hospitals for men and women, a Maternity hospital, Out-patient and X-ray Departments and a Leprosy hospital. They have also a Pharmaceutical Laboratory for the manufacture and issue of Homeopathic and other medicinal preparations containing spirit, the chief ingredients being the drugs imported from America. They were holding a F.L.17 licence granted under the Madras Abkari Act for the sale of medicated wines and similar preparations containing 20 per cent and upwards but not more than 42 per cent of proof spirit till 30-9-1947 when Prohibition was introduced in South Kanara District. They were also importing from America homeopathic medicines or other materials to the extent of Rs.60,000. For the current half year they have however been given a quota for only Rs.2,114/- worth of allopathic drugs, which they do not require.

The present ~~requirements~~ request are:--

(1) that a licence in the place of the F.L. 17 licence may be issued;

(2) that an adequate quota for Rs.60,000/- per year may be allowed in two instalments of Rs.30,000/- per half year for imports from the United States of America (medicines, books, corks and phials); and

(3) that they may be allowed to import all homeopathic drugs, tissue remedies and specialities as hitherto and import them freely and also to import raw wine from Spain and other foreign countries for the manufacture of "Father Muller's Biochemic Tonic

3. Request (1) above. With the introduction of Prohibition in South-Kanara, the Madras Abkari Act and with it the F.L.17 licences have ceased to be in force in that district. Instead of F.L.17 licences, licences in form II are issued in Prohibition districts for the sale of brandy and medicated wines and similar preparations by chemists. A licence in Form II can be granted only to a chemist. ~~It is not known~~ The Board may be requested to ~~whether the Father Muller's Charitable Institutions can be treated as Chemists and granted a licence.~~ suggest a suitable form of licence for the approval of the Govt. for issuing a licence to the institution. ~~The Board may be asked for remarks.~~ A draft memo is put up.

4. Request (2) and (3) above. Licence from the Collector of the district or the Board of Revenue is necessary for the import of wine and medicated wines to Prohibition districts. As regards imports from foreign countries allotment of import quota and stipulation of the articles to be imported against this quota are under the control of the Government of India, Commerce Department. In another connection the Board has stated that the Government of India have from 1-10-1947 restricted the import of foreign liquor and wine. In view of 'A' on pp.16-17 c.f. the Government of India may be requested to consider favourably the requests at 'A' on p. ante. After issue of the draft memo below Dev. may see for remarks with reference to para 4 above.

DEV. DEPT. (DII)

To A.S.

Please see the note of Revenue Department on pp 1-2 above. The file has been sent to this Dept. with reference to para 4 on p 2 above. It is submitted that import of foreign liquors without licences is prohibited by the Govt of India. There is no objection to address the Government Of India for an import licence. With these remarks the file maybe returned to Revenue Department.

To AS

Please see the BS Clyce

Ante pp 20-23 Cf

In their letter at pp 1-2 of Falter Muller's Charitable Institutions wanted a license for the sale of Manola Tonic also. In its reference at pp 20-23 of the Board has not stated anything about the sale of Manola Tonic The Board may be asked

3. Before the Govt. of India is addressed as suggested at X, the institution may be required to furnish a detailed list showing their half yearly import requirements & copies of their previous Correspondence with the Import Trade Controller, N.D.

A draft memo is submitted

From the Board of Revenue Ref. CR No. 37996 Ans/47 XP (1-12-47)
Letter from the Director, Falter Muller's Charitable Institutions No D/4818. of 15.12.47

To AS "Please see the replies from the Board of Revenue & the Director, Falter Muller's Charitable Institutions at pp 26-46 Cf.

2. Action has to be taken on this file on the following points :—

(i) (a) License for the ~~selling~~ manufacture & sale of Falter Muller's Biochemic Tonic

Licence for the Sale of Mandla Tonic

(ii) to recommend to the Govt. of India for their favourable Consideration the request of the Director of the Institutions to import medicines worth Rs 30,000 per half year as mentioned at A on p/ ante

(i)(a) above The Board has submitted to the Govt. a form of licence for issue to the Institutions. The Collector may be requested to issue a licence in that form. It does not seem necessary to publish the form of licence in the Fort St. George Gazette as it is intended for issue only to the Institutions

(i).(b) above. In view of the Board's Aspn p 26 of the Collector may be requested to issue a licence in form II to the Institutions for the Sale of Mandla Tonic.

(ii) above. The Govt. of India may be addressed in the matter

3. A draft order & letter and a draft DO to DSG are submitted. Dw may see before circulation. Legal may also be for approval of the 23.1.47 Journal pages 21-23 CK

The draft order may issue after perusal by Legal

2. A reads the draft letter to the Govt of India, it may be amplified after getting from them a copy of the report of the Coll of S. Kanara, referred to at A on p 46 CK TM to TN being.

DS

MK 21/2/50

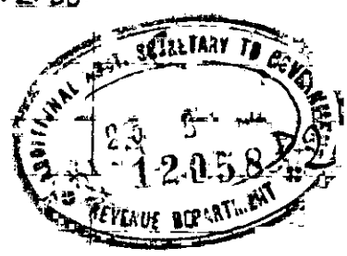
Legal

ASSISTANT SECRETARY 12843 22 FEB 1950 Central LEGAL DEPARTMENT

New condition (1): The words "to other places" occurring in this condition are unnecessary in view of the definition of "export" in section 3 (6) of the Act and may be omitted. The reference to "excise authority" in the Note presupposes that an import permit will be granted only by such an authority. But this may not be the case in all the States outside this State. It is therefore sufficient if reference is made to 'competent authority' ~~from which permit may be granted by any competent authority, excise or otherwise.~~

2 The amendments suggested by the Board are not sufficient. Conditions (6), (9) and (11) will need consequential amendments so as to include export also. Form A may also require alteration with reference to export of the wine. Revenue may consider the matter further and put up revised draft amendments to the Licence Form

Legal U.O. No. 2843/50-LC
24.2.50.



Case see the note of Legal above the draft memo. & the Board's letter is for approval. (As A above may be accepted without consulting the Bd. The draft memo seems mention about the point)

Issued as Memo. No. 62257 D/49-3 D 25.3.50 to Board pp 7-8 CF

Prohibition - South Kanara - Father Muller's Charitable Institutions, Kankanady - Issue of licences for the manufacture and sale of Biochemic Tonic wine and for the sale of Manola Tonic - Sanctioned.

Letters from the Director, Father Muller's Charitable Institutions, Mangalore dated 24.10.47 and 28.10.47.
From the Board of Revenue Refces. CR.No.37996 Pr /47 XE3 dated 20.11.47 and 11.12.47.

O R D E R

The Collector of South Kanara is requested to issue a licence in the form appended to this order for the manufacture and sale of Biochemic Tonic wine and a licence in Form II for the sale of Manola Tonic to the Director, Father Muller's Charitable Institutions, Kankanady, Mangalore.

p 40 of this Act (not printed)

***

(K) Appendix

Same as 21-23 Cf (K)

Special licence for the manufacture and sale of Biochemic Tonic wine.

I, the Collector of ..... district, under the provisions of the Madras Prohibition Act, 1937, (Madras Act X of 37) (hereinafter referred to as the Act) hereby licence you . . . . . to manufacture Biochemic Tonic Wine in your licensed Pharmaceutical Laboratory at ..... during the period ..... and to sell from your institution at . . . . . the Biochemic tonic Wine so manufactured, subject to the following conditions and stipulations to be observed by you

(1) The privilege extends only to the manufacture of 'Biochemic Tonic Wine' and its sale in sealed bottles to persons or firms in places outside any local area to which the Act applies or to persons holding licences in Form II or Form II-A appended to Revenue Department Notification No.792, dated the 15th October 1937, published at pages 1779-82 of Part I of the Fort St. George Gazette, dated the 19th October 1937, as subsequently amended, in any local area to which the Act is ~~app notified applies~~.

(2) The process of manufacture shall consist of the addition of medicaments to beverage wine imported from foreign countries, on which duty at the tariff rate has been paid.

(3) The officer in charge of the Pharmaceutical Laboratory shall be given prompt intimation of arrival of every consignment of wine ~~a~~ imported for medication. No wine shall be imported under this licence for any purpose other than for medication as 'Biochemic Tonic Wine'. Every consignment of wine imported by the licensee from any place outside the area to which the Act applies shall be accompanied by an import permit in Form I appended to Revenue Department Notification No.792, dated the 15th October 1937, published at pages 1779-82 of Part I of the Fort St. George Gazette dated the 19th October 1937, as subsequently amended, granted by the Collector.

(4) Soon after clearance of every consignment of wine from the Custom House and its transport to the Pharmaceutical Laboratory under a proper permit granted by Collector, a requisition shall be presented to the Officer-in-charge for the verification of the consignment. No seals on any of the packages or coverings

shall be removed except in the prescence of the officer-in-charge. The latter will verify the seals, marks, description etc. of the cases and the bulk quantity of wine comprising each consignment. He will then see that the entry, quantity, as verified, is entered in the Accounts (Form A in the Annexure) under his initials.

(5) All receptacles containing un-medicated wine shall be kept in boxes in a separate room locked by the officer with abkari lock. Suitable boxes must be provided for the purpose by the licensee. Issues of wine shall be made only for the purpose of medication.

(6) The addition of medicaments to wine shall be done only in the presence of the officer-in-charge of the Pharmaceutical Laboratory or such other officer as the Board of Revenue may appoint. The medicated wine so manufactured shall not be sold unless samples of them have been examined in the Board's Laboratory and passed.

(7) All wines medicated shall be bottled and labelled in the presence of the officer-in-charge and the bottles shall be securely sealed by the officer-in-charge with his private seal, before they are released for issue

(8) True accounts of transactions shall be maintained from day to day in ink in Form A in the Annexure and shall be produced when called for by the Collector or by any officer authorized by him.

(9) The privilege of manufacture or sale shall not be sold, transferred or sub-rented nor shall any agent be appointed for the management without the approval of the Collector.

(10) Pecuniary dealings of any kind whatever by the licensee with any officer of Government are absolutely prohibited.

(11) The licensee shall, in addition to a fixed annual fee of Rs.50/- pay gallonage fees at the following rates on all Biochomic Tonic Wine sold by him in each quarter.

| | Per Imperial gallon or 6 quart bottles. |
|---|---|
| | Rs. as. Ps. |
| a) Biochemic Tonic wine whose alcoholic content is equivalent to 42% of more of proof spirit. | 3- 6- 0 |
| b) Biochemic Tonic wine whose alcoholic content is equivalent to less than 42% of proof spirit, but not less than 20% of proof spirit. | 1- 11- 0 |
| c) Biochemic Tonic wine whose alcoholic content is equivalent to less than 20% of proof spirit. | No gallonage fee. |

For this purpose, the licensee shall submit to the Collector of the district through the officer-in-charge, on or before the 5th day of the month following each quarter, a statement showing the stock on hand, the quantity received, the quantity sold and the balance on hand for the preceding quarter separately under the three categories, (a),(b) and (c) mentioned above. Issues to licensees and to non-licensees shall be separately shown in the ~~licensees, and to non-licensees shall be se~~ statement. No gallonage fee will be levied under this licence on sales to persons or firms holding licences in Form A appended to Revenue Department Notification No.792, dated the 15th October 1937, published at pages 1779-82 of Part I of the Fort St. George Gazette, dated the 19th October, 1937, as subsequently amended, in

Prohibition areas or foreign liquor licensees in non-Prohibition areas authorised to purchase and sell such medicated wine.

(12) If required by the collector before the issue of or at any time during the currency of the licence, the licensee shall deposit with the Collector in cash or in Government promissory notes, such sum as the Collector may prescribe, not exceeding the gallonage fees as estimated by the Collector for a period of three months, as security for the due observance of the conditions of the licence and the prompt payment of the gallonage fees.

(13) With the sanction of the Board of Revenue, the Collr. may, at his discretion, revoke the licence at any time after giving the licensee 15 days notice of such revocation, in which case, a proportionate part of the fees will be refunded to the licensee.

(14) The licensee shall be bound by any additional general rules that may be prescribed under the Act and shall, if so required by the Collector or any officer authorized by him, deliver up his licence for amendment or for issue of a fresh one.
